PROFESSIONAL SUMMARY

Performance-driven B.Tech student specializing in Artificial Intelligence & Data Science with strong expertise in Java, Full Stack Development, Data Structures, and Generative AI. Proven ability to design scalable applications and solve real-world problems through projects in AI, web development, and automation systems. Certified in Power BI, Cybersecurity, and Generative AI, with hands-on experience in modern frameworks and industry simulations. Seeking to contribute technical and analytical skills in a dynamic software engineering role.

EDUCATION

B.Tech – Artificial Intelligence and Data Science, VSB Engineering College, Karur

CGPA: 8.94 (Till 5th Semester) | Expected Graduation: 2027

Higher Secondary Education (12th), Thenmalar Higher Secondary School

Percentage: 91.33%

TECHNICAL SKILLS

Core knowledge in Java, DSA

Programming: Java, SQL

Web Technologies: HTML, CSS, React.js

Core Concepts: Data Structures & Algorithms, OOP, DBMS, OS, Agile

AI & Data: Machine Learning Basics, Generative AI, Networking basics

Tools & Platforms: GitHub, VS Code, MySQL

Other: REST APIs, Problem Solving, Debugging

PROJECTS

Intelligent Parking Availability Detection & Reservation System

Developed a smart system to detect and reserve parking slots using real-time data. Improved space utilization and reduced manual intervention using automation logic.

Smart Education System (SIH1586)

Built a full-stack platform for quiz management, student performance tracking, and analytics. Implemented backend services and REST APIs for scalable performance.

Crime Reporting Chatbot System

Designed a chatbot-based system for real-time crime reporting and assistance. Integrated user-friendly interface with backend processing for efficient complaint handling.

CERTIFICATIONS & TRAININGS

NPTEL – Programming in Java (97% | Gold Badge)
Microsoft Certified: Power BI Data Analyst Associate (NASSCOM)
Career Essentials in Generative AI – Microsoft & LinkedIn
Cybersecurity Analyst Job Simulation – Tata Forage
Frontend Software Engineering Simulation – Skyscanner (Forage)
Data Analytics Simulation – Deloitte
TechA Java Full Stack Developer Certification – Infosys
Infosys Springboard Virtual Internship 6.0 | Project: ParkEase – Intelligent Parking System
Internshala Web Development Training (8 Weeks): HTML, CSS, Bootstrap, DBMS, PHP, JavaScript, React, AI in Web
Infosys Certifications: Java Programming, DSA using Java, DBMS (Part 1 & 2), NoSQL Databases, Software Engineering & Agile Development, Python, Data Science Fundamentals
GUVI (HCL): Data Engineering & Big Data
Cisco Networking Academy: IoT & Digital Transformation
Salesforce: Administrator Explorer & Agentforce Champion Track
Mind Luster: Expert CSS
Wipro TalentNext Futureskills Prime (2025)

ACHIEVEMENTS

Secured Gold Badge in NPTEL Java (Top Performer)
Presented on Brain-Computer Interface (BCI) at AVANTA National Tech Fest
Active participant in coding platforms and real-world simulations

INTERNSHIP & EXPERIENCE

Completed multiple industry-level virtual internships and job simulations across domains: Cybersecurity (Tata), Data Analytics (Deloitte), Frontend Engineering (Skyscanner). Hands-on exposure to real-world workflows, debugging, and collaborative development.

ADDITIONAL STRENGTHS

Strong analytical and logical thinking
Effective communication & teamwork
Quick learner with adaptability to new technologies
